**AUTHORIZATION of ACCOUNT TRANSACTIONS**

*Please fill in the blank areas below for the users you want to authorize Account Transactions and authorize by typing the user que numbers. The authorizations to be determined with this form will be valid for all accounts and all transactions\* at online internet banking. Draw the area to be left blank with an "X". You can use separate lines for multiple account numbers. Transaction Top Limit ≤ Daily Total Limit. If you want to define more authorization with this form, you can use the form by duplicating it.*

*Transaction (Entry) Authorization enables the user to use Internet Banking transactions on all accounts, subject to approval. Each of the users written with the "Que Number" will have a transaction entry authority separately. (Sample spelling: 1, 2, 3, 4)*

*Single Approval Authorization approve the Internet Banking transactions entered by the "Transaction (Entry) Authorization" User. Each of the users written with the "Que Number" will have a single approval authority separately. The Approver cannot approve a transaction that he/she has entered. (Sample spelling: 1, 2)*

*Multiple Approval Authorization approve the Internet Banking transactions entered by the "Transaction (Entry) Authorization" user together with other approvers. Users written side by side with the "Que Number" will have multiple approval authority in the specified order. (For example, if it is written as "1 - 2", it means "2" is the first approver, "1" is the last approver.) The Approver cannot approve a transaction that he/she has entered. (Sample spelling: 1 - 2)*
